To the Editor
The Numismatist

Dear Sir:

Your November number contains on p. 523 an article on the Dutch Pilgrim Celebration medal and other Pilgrim references. I am making here a large tercentenary exhibition and shall show this medal. Would you kindly contribute to it a copy of your November issue to show with the medal? It would help me and save our regular file from being withdrawn from circulation to readers.

Sincerely yours

Victor H. Paltsits

Dear Sir:

In response to your note of November 20th, the copy of the Numismatist which you desired has gone forward under separate cover and I trust that it has reached you by this time. We are very glad to co-operate in this fashion, and I hope that you will feel free to call upon us again in case a similar contingency arises.

May I refer to another matter? One of our members informs me that in your list of Museums and Libraries for Special Workers, you refer those interested in numismatics to the library of the Hispanic Society of America. Evidently the authority for this suggestion has confused the fact that our buildings are contiguous. It doubtless would prove of benefit to all concerned if this correction could be made.

Very respectfully yours,

Secretary

Dear Mr. Paltsits:

I am anxious to obtain information about a decree issued in Brazil, March 22nd 1890, in the break between the Imperial and the Republican government. This decree of General Fonseca of the provisional government, abolished all pevious decorations and orders with certain exceptions. Would the text of this decreeabe available in the New York Public Library? If not, do you suppose that the Library of Congress would have it, or elsewhere? I should appreciate your referring this quehy to anyone in the New York Public Library who might be able to answer it.

With cordial regards,

Sincerely yours,

Secretary
